

We want to hear from you and encourage you to share this newsletter with your faculty and spark conversations with relevant departments for more information.

- The highly distinguishing **flow loop facility at CPG Dhahran Techno Valley Center** was commissioned this week. The facility will enable advancement in technologies related to surface and downhole equipment.
- The Computer Engineering Department organized the **Cloud Computing Forum** to discuss state-of-the-art solutions with students. The forum featured eight speakers from Academia and Industry and hands-on training workshops.
- University Schools organized the **Career Guidance Forum**, where students from schools in Al-Khobar got acquainted with multiple universities from Saudi Arabia and Bahrain and learned about their academic offerings and admission process.
- The **Women in Data Science Forum** was held on May 4th with broad student and industry participation to discuss technical topics across three sessions, a panel discussion, and enriching workshops.
